

## Building Emergency Action Plan Scott Laboratory

Issued: 12/5/2017  
Revised: 1/8/2021

## Appendix D- Evacuation Maps

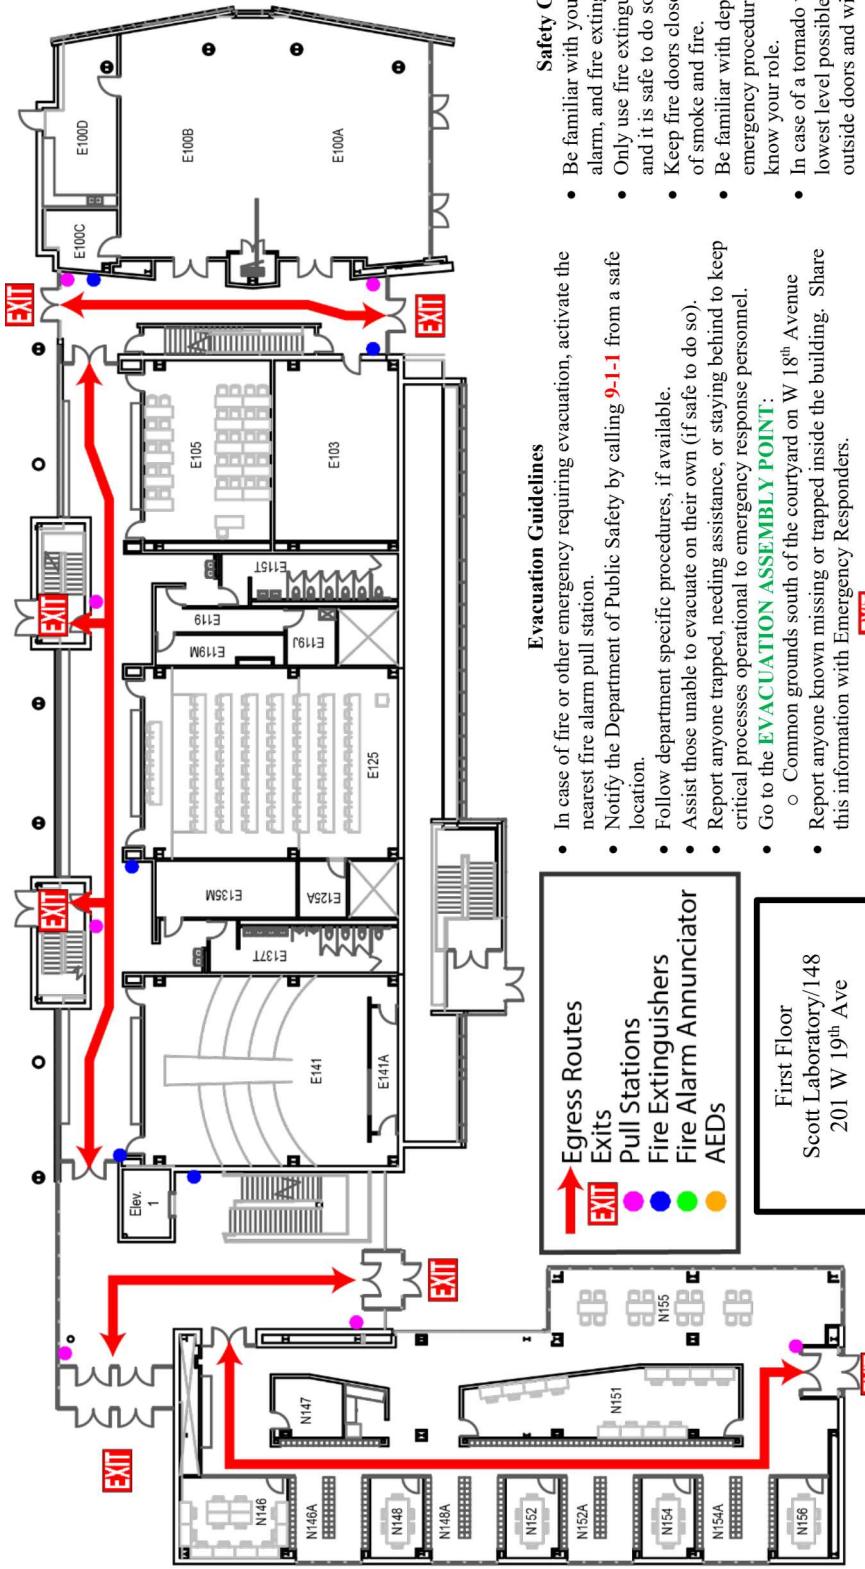

- Safety Guidelines**
- Be familiar with your building's exits, fire alarm, and fire extinguisher locations.
  - Only use fire extinguishers if you know how, and it is safe to do so.
  - Keep fire doors closed to prevent the spread of smoke and fire.
  - Be familiar with department specific emergency procedures, if available, and know your role.
  - In case of a tornado warning, proceed to the lowest level possible and keep away from outside doors and windows.
- Evacuation Guidelines**
- In case of fire or other emergency requiring evacuation, activate the nearest fire alarm pull station.
  - Notify the Department of Public Safety by calling **9-1-1** from a safe location.
  - Follow department specific procedures, if available.
  - Assist those unable to evacuate on their own (if safe to do so).
  - Report anyone trapped, needing assistance, or staying behind to keep critical processes operational to emergency response personnel.
  - Go to the **EVACUATION ASSEMBLY POINT**:
    - Common grounds south of the courtyard on W 18<sup>th</sup> Avenue
    - Report anyone known missing or trapped inside the building. Share this information with Emergency Responders.
